# SLIM WOOD

*Slats*

Fluted wooden panels that feature vertical grooves or indentations in the surface of the wood, visual interest, texture, and style to a room.

## *Natural Product*

Fluted wooden panels are crafted from natural wood, showcasing the unique grains & variation in colour in each plank enhancing the natural beauty.

## *Finish*

These wooden panels can be finished with various types of stains, paints, or varnishes, and can be paired with other materials or used as a stand alone feature.
