# about us

## Aspirations Fueled by Innovation

Hindware Home Innovation Ltd. (HHIL) is the fastest growing player in Consumer Appliances and the leader in building product segment with 3 distinct distribution channels to market. The company is focused on servicing end-consumers and is involved in branding, marketing, sales and services of various product categories.

Our portfolio is always evolving to meet consumer demands. We shape our portfolio with products that intelligently cater to the needs of our consumers. We compete in attractive and growing categories and prioritize investments to stay relevant and win in every segment and market in which we operate.

Under the consumer appliances business, we have a forward looking portfolio spanning several categories — kitchen appliances, water purifiers, air coolers, fans, water heaters, room heaters and kitchen and furniture fittings. We have one of the largest ranges of connected and smart appliances in the industry in India and have 34 patents (applied) that showcase our commitment to bringing technological improvements and creating value additions in the lives of our consumers.

We have created distinctive distribution channels for our various business segments and have an omni-channel presence to stay close to our customers and widen our market reach.

Hindware brand stands for trust, innovation, and legacy. Aligned to the mother brand Hindware, all consumer appliances products are housed under the brand Hindware Smart Appliances. We strive to lead the market with our innovative, smart, and connected appliances, delivering ease, simplicity, and happiness to our consumers' busy lives.

# milestone moments

## Awards and Certifications

In a testament to our unwavering dedication to quality, innovation, and customer satisfaction, Hindware Smart Appliances proudly boasts an array of prestigious awards and certifications. For the past four consecutive years, we have been esteemed with the title of Best Overall Service Performance during Flipkart's renowned Big Billion Days sale event.

Recognized as an Extraordinaire brand, we were honored as Iconic Innovators in 2023 and Game Changers in 2022 at the esteemed Brand Vision Summit. Our commitment to innovation is further exemplified through our accolades at the FICCI Awards on Industry 4.0, securing the Silver prize in 2022 and the Gold prize in 2023. Additionally, our Google IO certification in 2021 solidifies our standing in the global smart home ecosystem. Embrace excellence with Hindware Smart Appliances, as we continue to redefine comfort and smart living.

# SMART Autonomous Chimney

Patent Technology

## AUTONOMOUSLY “*intelligent*”

Our AI-Smart Chimney intelligently analyses kitchen conditions to optimize ventilation. It senses smoke, fumes, and temperature, automatically adjusting blower speed and turning on/off as needed. This ensures a clean and healthy cooking environment without manual intervention.

### Airfryer

Healthier, faster, versatile cooking

### Food Probe

Monitors internal temperature for precise cooking

### Airfryer Basket

Removable, dishwasher-safe, even cooking

## BAKING

**Soft and Moist Baked Goods:** Steam helps to create a moist and tender interior in baked goods like cakes, bread, and pastries, while also achieving a crisp exterior.

**Improved Rising:** Steam can help dough rise more evenly and quickly, resulting in better-textured baked goods.
